E-learning

E-learning courses are available 24/7 to accommodate your busy schedule.

Training.alz.org

Alzheimer's is a progressive disease where the person will require increasing levels of care as time goes on. Being educated about what to expect and learning about useful care strategies can significantly impact the quality of life for the caregiver and the person living with Alzheimer's. The Alzheimer's Association offers a series of education workshops available in communities nationwide and online. Take advantage of the free e-learning courses:

- Know the 10 Signs: Early Detection Matters
- The Basics: Memory Loss, Dementia and Alzheimer's Disease
- Legal and Financial Planning for Alzheimer's Disease
- Living with Alzheimer's for People with Alzheimer's
- Living with Alzheimer's: For Caregivers (Early, Middle and Late Stage)

Alzheimer's Navigator

Alzheimer's disease creates questions. We can guide you to answers.

alz.org/alzheimersnavigator

Alzheimer's Navigator™ is an innovative online tool designed specifically for individuals with Alzheimer's, their families and caregivers to navigate through the disease. A diagnosis of Alzheimer's disease raises many questions. Alzheimer's Navigator helps guide you to answers by creating a customized action plan and linking to information, support and local resources.

Depending on the needs of the user, specific action steps are created for the following areas:

- Planning for the future
- Working with doctors/healthcare professionals
- Caregiver support
- Activities of daily living
- Home safety
- Driving
- Knowledge of dementia
