"The most important gift of all was her caring support and understanding of the encompassing changes in my life due to the effects of dementia on my loved one." ~ Amy S.

Consultation benefits include:

- Service to help caregivers of patients with Alzheimer's and other related types of dementia to locate suitable resources to care for their loved one.
- One hour meeting with a MemoryCare-trained care consultant and licensed counselor to review caregiver needs and provide support and guidance.
- Consultation is for 1) families who may not need MemoryCare's more comprehensive services, or 2) families who need help before enrollment.

CAREGIVER TESTIMONIAL

"I was recommended to Caregiver Consultant, Pam Lessig. The time with her was invaluable. During our meeting, she helped me navigate avenues I didn't realize existed, concerning behaviors, stress management, and respite. She listened and found resources pertaining to our needs. You helped me realize how exhausting the whole process was. You have helped me give myself permission to balance the care of my loved one with my own needs." - Caregiver

Once only, one hour caregiver consultations.
